The totals in this table are slightly greater than the sum of the male and female totals because sex is not always known, even though age may be known. In 1999 there were 28 incidents involving 27 victims, where the victim's sex was unknown. This included 25 incidents involving 24 victims in the 0-9 year age group, 1 incident (1 victim) in the 60 and over age group and 2 incidents (2 victims) where the victim's age was unknown. Age is at date of reporting to police. Age greater than 99 was set to unknown.

Total offences: each victim is counted once per offence group per incident report.

Total victims per offence group: each victim is counted once only per offence group in 1999.

Total victims per age group: each victim is counted once only per age group in 1999.

Total victims: each victim is counted once only in 1999.

For a more detailed explanation of these counting rules, refer to Appendix.
